

The easier way to manage your training.

- Organize,
- Distribute,
- Track, and
- Report on

your content across multiple clients and their users.

Specifically for training providers

1 Know where your training content is, when you need it

Firmwater LMS makes it easy for you to **organize** your content:

- Load and manage content with ease
- Retain control of your content

2 Get the right content to the right people at the right time

Distribute content among your clients and their users:

- Assign content to users in many different ways
- Simple interface for learners
- Integrated assessment engine
- Brand as your own

3 Know who used what and when

Track use of your content so you can:

- Discover where attention is
- Support your clients' compliance requirements

4 Evaluate effectiveness of your training

Firmwater LMS includes powerful **reporting**:

- Many standard reports, ability to add custom reports
- Demonstrate effectiveness of your content

Firmwater LMS

is a hosted learning management system for training providers and publishers. It's easy to use, flexible and cost-effective.

We offer a comprehensive learning solution without the need to invest time and money acquiring, developing, or installing your own system.

- Just need a web browser, no plug-ins required
- Scalable solution that grows with your customer base and needs
- Flexible and customizable
- Supports multiple languages
- Easy integration with other systems
- SCORM 1.2 and SCORM 2004 compliant
